Dont read my diary when I'm gone

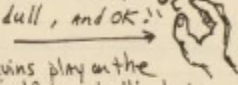

OK, I'm going to work now. When you  
wake up this morning, please read my  
diary. Look through my things,  
and figure me out.

Flip

Dale, Count how many times i use the word "Fuck".

Hello, it is me saying

"everything is basically Raining, dull, and OK!"  
fuck we were this close   
to coming down to see the malvins play on the  
29th but as history repeats itself, shelli being  
the overbearing dominator of chris, decided to  
not want to go at the last minute. and so  
gas money being split only two ways between Tracy and I  
would be too fucking expensive. are you coming to  
Seattle Someday to play? YOU MOTHERFUCKERS BETTER  
STILL PLAY VICE VERMILLION VACANCY! or at least put it on the  
Next LP. any label interest yet? Alchemy seems to be  
in pretty sorry shape from what i hear. ever RAT SubCore  
Dne Portnow? Dehumanizers? the reason i say this is  
because they must be hard up, for they signed  
DangerMouse! JESUSFUCKINGCHRISTALMIGHTY

So within the last couple of months our demo  
has been PIRATED, recorded, and discussed between all the  
Seattle SCENE luminaries. and the Dude Johnathan  
Poreman (Remember the guy who called me when you were  
over the last day?) MR Big - money inheritance, right  
hand man of Bruce Pavitt. and also SUB POP RECORDS  
financial investor, Got us a show at the Vogue on a  
Sub POP Sunday. Big Deal. but i guess hype and

Regularly being played on KCMU probably helped, the  
amount of people who came to Judge us. NOT be  
at a BAR, get drunk, watch some bands & have fun.  
But just watch the Showcase event. I hv. ~~lv.~~  
~~lv.~~ there WAS A representative from every  
Seattle band there just watching →

# OH OUR LAST AND FINAL NAME IS **NIRVANA** with some mythical dream

We felt like they should have had Score Cards.  
And so after the set Bruce excitedly shares our  
hands and says "wow Good job lets do A Record".  
~~then~~ then flashes of cameras go  
off. And this girl from BACKLASH says "Gee Can  
we do an interview?" yeah sure why not. And  
then people say Good job you guys are Great And  
Now we're expected to be total Socialites.  
meeting people, introducing etc. **FUCK IM IN  
HIGH SCHOOL AGAIN!** I want to move back  
to Aberdeen. Nah olympia is just as boring and  
I can proudly say ive only been in the Smithfield About  
5 times this year. And so because of this  
Zoo-event we've at least gotten a contract for  
3 songs a single to be put out by end of August and an EP out  
in Sept or Oct. were gonna try to talk them into an LP.  
Now Johnathan is our manager, he gets us shows remotely  
in ougnd Vancouver. He's paying for all recording & distribution  
Costs & now we don't have to have outrageous phone  
bills. Dave is working out OK. Sometime next  
year sub pop is gonna have a caravan of 2 or 3 Seattle  
bands go ontour. yeah well see. ~~Three~~ Thru your  
past experiences Do you think it would be wise to  
demand receipts for recording, pressing costs?  
Enough About Records OH except this  
one night last month, Chris and I dropped acid  
and we were watching the late show (rip off of showtroom)  
and Paul Revere and the Raiders were on there, they  
were so fucking stupid! Dancing around with  
moustaches, trying to act comical and sorry.  
It really pissed us off and I asked Chris  
Do you have any Paul Revere & the Raiders albums?

YEAH punctuation, I was stoned A lot  
when I was learning that stuff.

He said yeah, so I looked thru his Big  
collection and found the Reserve Records and  
busted them. and he got mad, then he laughed  
and I searched thru the rest of the Row and  
found Eagles, Carpenters, YES, Joni Mitchell  
and said with frustration "What in the fuck  
do you own these for? And so throughout the  
rest of the night we busted about 250  
shitty Chris Novaselic Records. not only did we  
clear more space in the living room, Chris  
declared that he feels cleansed and revitalized.

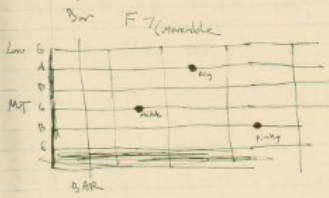

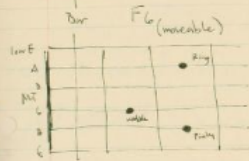

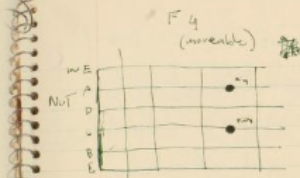

I don't hang around with Ryan or the other Abnerdians  
but when im in town I'll get your Sound garden Record  
for you. We still make movies, the last one we did  
was in Tacoma at NEVER NEVER LAND. its a surrealistic  
fantasy story book Place for Kids, and we made  
Shelli wear a mask of Cheri's head cut out of an  
album and dance around by big mushrooms and  
butt fuck the wolf bending over to blow down the three  
little Pigs house. other stars included Rick Dominguez  
and John kennens Penis. No comment on Matt's  
band MUDHONEY just to be on the safe side.  
Speaking of Safe Sides my girlfriend Tracy now has a  
Brand New '89 Toyota ~~4 door~~ Tercel, A microwave,  
food processor, Blender, and an espresso machine, I  
don't have a job until next month thru TYSS youth  
service in a printshop Part time, I AM A  
Totally pampered spoiled Bum  
Next letter will be less boring about Record  
deals and more stupid drivel  
Goodbye Dale write soon.

it is the same as the first song on the CD

Kurt the vocalist of Grunge screamed his last scream to the 2nd song then Bann the crowd smacked the mic into his mouth. Blood oozed from his lip but they instantly started clod the bars. After wiping Kurts face, Chris the bass player accidentally hit Kurt in the eye with his Bass Hand so he it wasnt too deep At first until Kurt Rammed his head into the wall next to him in protest. it opened more. So Kurt took his guitar & hit Chris straight in the mouth causing a big cut lip. By now they were pretty bloody. Chris looking worse and with only one wound. they were obviously becoming dizzy and were in pain. but proceeded to play the set quite out of tune.

A band needs to practice, incorporation, at least 5 times a week if the band ever expects to accomplish anything.

We're tired of total uncertainty everytime we play a show. We think, "Are we going to suck?" "Are we tight yet?" We have shows and we don't practice! The two main reasons are, Chris and his work and you and your location. Chris can eventually alter his work schedule and at least practice every week night.

When we started with you, you claimed you could make it up 4 times a week and would move up here by July or August and it would be no problem for you. We were very hesitant to ever try this because of our experience with driving back and forth to Aberdeen and we knew it would eventually get on your nerves.

We don't blame you at all for being tired of driving, and we realize what a problem and hassle it is to get someone else to drive you up, but even if you could make it up every day we don't start until 8:30 or 9:00, which is not enough time to even go through the set. We know how long it takes to build a house and you won't move up here as soon as you have claimed, and in our morals and values, fixing up a race car isn't half as important as getting to practice or recording or touring.

mark,  
 Hello. It sounds as if  
 everything is working out <sup>with</sup> <sup>Donna</sup>.  
 I can't wait to see & hear the  
 results! Well I finally have  
 heard Almost All of your Albums  
 except All of the beat happenings/Tues EP  
 I hope you don't mind but I  
 recorded them on the dreadful  
 Cassette Tape. which is something  
 I'm kind of Against people doing, because  
 it's not supporting the band. but  
 I swear! If I ever get A job I'm  
 sure I'll buy all the Records.  
 Well, on the back of the Elashes 1st LP  
 it says home taping is killing the  
 music business <sup>oh</sup>! wow.  
 This stuff on the tape is some of the  
 mello pretty, sleep music, we've been  
 doing for the past couple of months.  
 It's obvious that it has been inspired  
 from beat happenings/young likable giant's music.  
 If you like some of it or if you have  
 something at your end in which you think  
 I would be appropriate for ~~the~~ <sup>collaborating</sup>,  
 then I'm willing.

We also aren't convinced that you  
 would get time off, or quit your job next  
 winter to go on tour. The overall aspect  
 of this situation is nothing more than  
 selfish. Getting a name on a record isn't  
 shit. Anybody can do it, but there's a big  
 difference between credentials & notoriety,  
 and self respect through music.  
 Instead of lying to you by saying we're  
 breaking up or letting this go any further we  
 have to admit that we've got another drummer.  
 His name is Chad, he's from Tacoma and he  
 can make it to practice every night. Most  
 importantly, we can relate to him. Let's face  
 it, you are from a totally different culture.  
 Our hobbies and interests are different,  
 and a band can't be a unit unless all the  
 members are compatible. We have really  
 appreciated your loyalty and dedicated attempt  
 at keeping this band alive. You're a great  
 drummer and we hope you pursue another  
 band very soon. We expect you to be totally  
 pissed off and hate our guts and we don't  
 blame you, because this is very sudden and  
 we have not tried to warn you that this was  
 happening. This is not your fault. It's ours.  
 We should have known it wouldn't work, but  
 your enthusiasm and clown headed thinking  
 made us want to try it. and we feel →

 really shitty that we don't have the guts to tell  
 you <sup>and</sup> <sup>personally</sup> <sup>the</sup> <sup>love</sup> <sup>to</sup> <sup>you</sup> <sup>and</sup> <sup>Laney</sup>  
 and your drumming career. And if you wouldn't  
 mind, we would like to suggest to other  
 bands looking for drummers to check you out  
 because your talent shouldn't go to waste.

Again ~~rubbing~~ amongst the water or Tears  
from rubbing, I open then look up to  
the sky and forget about stupid fucking  
little squiggly things moving on the outer  
layer of my eyes or the ~~B~~ close up  
Blood Cells in my eye lids and I  
stare at the ~~sky~~ with perished  
vision and not trying but just ~~for~~  
happening to make out all kinds of  
faces, objects, statues in the clouds  
and I can do the same with  
the wood grain of the panelling  
on my walls. ~~And so what.~~  
ONCE I SAW JESUS ON  
A TORTILLA SHELL.

UNCERTAINTY like opening your  
eyes wide in the dark then closing them  
and then open and blinded by the sparkling  
silver dots created from pressure on the  
Corneas, squint, Roll, focus, then your  
Blind Adm but at least you saw light  
Somehow... maybe ~~the light~~ the light  
was stored in the secrets or held in the  
iris or clung to the tips of all the nerves  
And veins. Then your eyes close again  
and an Artificial light appears before  
the eyelids, probably just a light bulb  
or a blowtorch! Jesus, its hot! my lashes  
And Brows are curling up and melting  
emitting the worst smell of burnt hair  
And ~~then~~ the Red Transparency of the  
light. I can see a close up view of  
Blood Cells move as I move my eyes  
BACK And forth like footage of a  
Documentary of Amoeba and Plankton  
Jelly like something life forms moving  
man they must be small! I can't  
feel them my eyes must be able  
to see things **MORE** clearly  
than I had expected its like  
a microscope but it doesn't matter  
any more Cause they set me on fire now  
yep I'm sure of it. I'm on fire. God damn.

~~he~~ Nirvana is planning on  
asking Calvin if he wants to put out a  
Cassette of there songs & a couple  
obscure heavy songs too.  
because ~~we~~ we feel like we're  
not accomplishing anything by  
playing the Seattle Club Circuit  
& it turns out that our single will  
be out in Oct. (October - hi, there)  
but there isn't much hope for an EP  
within the near future, for Sub Pop  
is having financial problems and the  
promise of another AEP within the year  
was just a bullshit excuse for Johnathan  
to keep us ~~from~~ from  
scrutiny other labels. & so here it is  
8 months later & we finally put out  
a damn single. We've sent the demo  
to a few labels. but no response.  
So if you have any numbers  
or addresses or if you meet someone  
& give them a demo it would be  
greatly appreciated. we have about  
30 bulk recording tapes & any postage  
& handling will be gladly paid.  
We just feel like we're becoming stagnant  
in Olympia with no record. ~~and~~

Just before I fall asleep and  
when I'm really bored I... lay down and  
think for awhile until I ~~subconsciously~~ fall  
into a ~~semi~~ semi hypnotic state of sub-  
consciousness, some call it daydreaming, some  
call it just fucking spacing out, but I feel like  
I'm not here and it doesn't matter because I'm  
sick of putting myself in boring situations and  
preliminary conversations, just every day  
basic sitcom happenings, some call it thinking  
but when I'm ~~in this~~ in this  
particular state of mind I forget to think and it  
becomes strictly observatory. I notice things  
very sensitively like if I focus really hard  
I can see small transparent blotches of  
~~dark~~ debris on the outer shell of my eyes.  
(or the conjunctiva), and can only follow it  
as my eye moves downward, its like watching  
film footage of Amoeba or Jelly like  
plankton under a microscope. and when  
I close my eyes and look up to the sun  
the bright orange redness radiates an  
intense picture of Blood Cells or what I  
think are Blood Cells, and they are moving  
very rapidly and again I can only focus for  
so long before my eyes strain and I have  
to look away from the sun into a pillow, and  
and rub my eyes hard then I see ~~tiny~~ tiny  
spheres of sparkling light which only  
stay for a second then as my eyes focus

They usually dont have jobs.

So they can tour anytime.

NIRVANA HAS NEVER jammed on Clorix, or Louie Louie. NOR have they ever had to Re write these songs & call them their own.

And during that month ~~it~~ happened to be the  
Eritomy of my mental abuse from my mother.

~~It was during that month that I decided to  
kill her.~~ It turned out that pet didn't  
help me escape my troubles too well any more.

And I was actually enjoying doing rebellious  
things like stealing this basic & bursting  
store windows getting in fist fights etc...  
& nothing even mattered. I decided within  
the next month I'll not sit on my rear and  
think about jumping but I'll actually kill myself.

And I wasn't going out of this world without  
actually knowing what it is like to get laid.  
So one day after school I went to  
her house alone. And invited myself in  
and she offered me some twinkies and I sat  
on her lap and said "let's fuck" and I  
touched her tits and she went into her bedroom  
and got undressed in front of me with the  
door open and I watched & realized that  
it was actually happening so I tried to  
fuck her but didn't know how and asked her  
if she had ever done this before and she said  
a lot of times mainly with her cousin.

I got grossed out very heavily with how  
her vagina smelled & her sweat beaded so  
I left. My conscience grew to where I  
couldn't go to school for a week and when I  
went back I got in-house suspension in the  
office for sleeping and that day the girls  
father came in screaming & accusing someone  
of taking advantage of his daughter.

& they went in the ~~the~~ principals office and  
yelled at each other & they came out with a  
yearbook & were going to have her pick me out.  
but she couldn't because I ~~wasn't~~ didn't  
show up for pictures that year. & so  
during lunch the rumors started and by the  
next day she told my name and everyone was  
waiting for me to yell & curse & spit at me  
calling me the retard fucker.

Because a lot of people liked me the  
sides were even but I couldn't handle  
the ridicule so on a Saturday night I got  
high & drunk & walked down to the train  
tracks & layed down & waited for the 11:00  
train & I put 2 big pieces of cement on my  
chest & legs & the train came closer & closer  
and it went on the next track beside me  
instead of over me. So I rode the bus to  
school from ~~school~~ every day pretending to  
go to school & doing acid instead walking in the  
woods. So my mom would think I was  
going to school & the cops stopped me one  
night at a football game & I went down to  
the station & they tape recorded my confession of  
what I did and said that ~~her~~ family cant  
do anything because she was 18 and ~~not~~  
mentally retarded. But ~~from~~ from  
school made me have to attend ~~school~~ school  
and the train scared me enough to try to  
rehabilitate myself & my guitar ~~started~~  
playing seemed to be improving so I became  
less mentally depressed but still  
never had any friends because I hated  
everyone for they were so phony.

NIRVANA is a three piece spawned from the bowels of a Palmer house in Aberdeen WA, and the hippie commune of Bainbridge Island. Only together for 7 months. Kurb-Guitar vocals - Chris D - drums have acquired a woman in the process. A single on Sub Pop Records (A Demo, 100 copies of home 2 a following of millions. Selling many more so far, but future: dolls, peaches, lunch boxes and bed sheets are in the works. ANCP is due this April from the wonderful offices of Sub Pop World Headquarters. Talent Agents Bruce Pavitt (alias Henry Mancini) and Jonathan Pincman (alias Fred Flinstone) have treated the boys good, and hope to win on more projects in the future.

NIRVANA sounds like BLACKSABBATH - playing "BLACK,  
Black Flag, Led Zeppelin, & the Stooges, with a pinch of Bay City  
Rollers. Their musical influences ARE: H.R. Puffinbarger,  
the Beatles, Young Marble Giants, Slayer, Leadbelly, I Go, &  
NIRVANA sees the underground music SEEN as becoming stagnant  
And more Afraid to move towards commercialism. I'd like to be  
Does NIRVANA want to change that? No way! We want to  
cash in & suck butt up to the big wigs in higher that  
we too can get high & fuck your figure-hot babes, who  
will be required to be a certified AIDS test 2 weeks prior to  
the day of handing out free stage passes. Soon we will  
need choice spray repellent. Soon we will be coming to your  
town & asking if we can stay at your house & use your stove.  
Soon we will do encores of Gloria & Louie Louie at benefit  
concerts with all our celebrity friends.

We realize that there was once a 60's band called NIRVANA  
but don't get us ~~mixed~~ with them because they really  
Suck. Fuck fucking Dick. N. DEAR album.

Good Bye.

Jesse Hello,  
Believe me, I have purposely been  
delaying writing you for a while so  
when our single finally comes out I  
could send it to you as well as a letter.  
But God time flies and sub pop  
is broke and full of shit. And I didn't  
realize how long it been since I  
received your letter. So I'm sorry!

Hey cheer up dude, your letter sounded like you're kinda bored.

I can't wait until you come down for Christmas, it will be the most exciting event this year. We got our test pressings back for the single. I've been waiting for so long that I'm not even ~~sure~~ <sup>sure</sup> it's coming out. We're

Refused to do anything else with Sub LP.  
Even though they really want <sup>us</sup> to put out a  
EP. We've decided to put out our own  
LP. We found a record pressing plant that  
will press 1000 records for \$6,000.00. So at  
\$800. A press we only have to sell about  
250 records to get our money back. And  
the rest is pure profit, then all we  
have to do is find a distributor.

We played with the Buffalo Soldiers. And then D.O.A in Seattle. The melvins are coming back to play a couple shows with us.  
Chris and Shelli broke up. God Am I relieved! She is still living in Tacoma

and Chris is temporarily staying in Aberdeen for a while at his parents. I'm very content with the relationship Chris, Alfred and I have, we get along great and have a lot of dedicated fun. We are becoming very well received in Seattle & other places in WAish. Promoters call us up to see if we want to play, instead of us having to find people for shows. It's now just a matter of time for labels to hunt us down, now that we've promoted ourselves pretty good by doing small remote tours. OK. enough about the band.

I've got a junior job working with this older guy cleaning 4 restaurants. PAYS cash under the table part time.

Timmy and I get Along just fine, as usual.  
Lately I've found myself becoming lazy. I  
hardly write my stories and I don't work on  
songs quite as intently as in the past.

 to fit in just fine. I predict  
 the mighty Major label in the future  
 for you people. Heres some well,  
 fuck, I must admit screaming trees  
 influenced pop we've been experimenting  
 with. We played with the Butthole Surfers,  
 they wouldn't move their drums. Jeesus!  
 Got paid 75.00 whole dollars.  
 Sub Pop is always broke. So were  
 openly looking for any other offer. They  
 mean well but we don't feel its fair  
 for mudhoney to be favored & entered  
 to a higher level than the other bands.  
 Oh well. ~~we want~~ we want  
 to tour in March, if you have any #'s  
 or suggestions, we would appreciate  
 any help.

**CHARTERS.**  
 NIRVANA is a three piece spawned  
 from the bowels of a rock-cave - began  
 from called Aberdeen WA, and a hippie  
 commune on Aubridge Island.  
 Although only together for seven  
 months - Kurt-Guitar/bass, Chris-bass  
 and Chad-drum have acquired a cult  
 on Sub Pop records, one out on the  
 Sub Pop 200 compilation, a demo,  
 on 12 in April, success-few and  
 a following of millions.  
 Selling their bearded faces and  
 locks of hair have proven  
 to be their biggest money makers  
 so far, and in the future dollars,  
 per-chance, lunch boxes and bed  
 sheets are in store.  
 From the swarming offices of  
 Sub Pop world headquarters our talent  
 agents Anne Peritz and Michael  
 Freeman have rounded the boys good.  
 NIRVANA hope to work on new projects  
 with them in the future.  
 NIRVANA sounds like Black Sabbath  
 playing the Black, Black Flag, and  
 ZZT, the Stooges and a pinch of New  
 City Riders.  
 Their personal musical influences  
 include: R.E. Malmgren, Dave Ray,  
 dinosaurs, drag, speed street records,  
 the Beatles, Living Marble Giants,  
 Slime, Led Zeppelin and Iggy.  
 NIRVANA were the underground music  
 scene as becoming stagnant and were  
 somewhat towards commercialized  
 major label interests.  
 Now NIRVANA feel a moral duty  
 to change this conscious evil!  
 No way to wait to cash in and  
 cash back of the big sign in hopes  
 that we too can GET HIGH and ROCK.  
 GET HIGH and ROCK, GET HIGH and ROCK,  
 GET HIGH and ROCK, GET HIGH and ROCK.  
 Now we will send thick repellent  
 spray. Soon we will be coming to  
 your town asking if we can stay over  
 at your house and use your stove.  
 Soon we will do untimes of Gloria  
 and Louie Louie at benefit concerts  
 with all our celebrity friends.

 NIRVANA is a heavy-pop/rock/alternative

 of Seattle Washington.

Although only together for seven

my lyrics are a big pile of contradictions, they're split down the middle between very sincere opinions and feelings <sup>that</sup> I have and sarcastic and hopefully - humorous rebuttles towards cliché - bohemian ideals that have been exhausted for years.

I mean it seems like there are only two options for personalities ~~for~~ songwriters either they're sad, tragic visionaries like morrisey or michael stipe or Robert Smith or there's the goofy, nutty white boy, hey, let's party and forget everything people like Van Halen or all that other ~~crap~~ heavy metal crap

I mean I like to be passionate and sincere, but I also like to have fun and act like a dork.

the fun addition that makes it one they have already  
for the small amount of fanatics who are into them already

I remember when melvins played Sunken & Cream songs  
well they were the melvins then

then  
I remember when the melvins played ~~the~~ speed melodic,

then they ~~the~~ started slowing down with a mix of serious  
of melodic Sabbath like abrasion

Dale,

Kenichewah,  
OKAY, I have not lost my soulful, imbedded roots  
as an honorary punk rock, hard, heavy, Gunka Gunka  
Gunka music slut. Nor have I been sucking up  
the cute, innocent and clean image Olympia has to  
offer either, but I have learned to appreciate some  
of this Calvin/Simplistic stuff enough to do my own  
rendition, which is actually something I've been planning  
on doing for years. So it's not really a rip off or  
a ~~fake~~ borrow influence. I'm making up excuses  
because I don't think you'll like it, but I sent you  
it anyhow just to fill up space, ~~because~~ I don't  
have much new music to let you hear. So anyways..  
"How the HELL ARE you doing Dale? Overmaster of Drums?"

Send me boom box stuff NOW! I don't think too  
many people will think you guys will suck. Like you said  
the leg washing, where's might, but B.F.D!

Chris and I were wandering around the campus one  
Saturday evening, and we came across this band  
playing. Inside we found 3 greeners jamming  
on bad psychedelic blues, because that's what Greeners  
do on Saturday evenings. They showed us their new  
\$200.00 worthless whammy pieces of shit KRAMERS

I HELL! Many amps, I wasn't impressed, and then  
over in the corner I noticed a left handed late 60's  
fender mustang. After swallowing my puke I calmly  
asked if they wanted to sell it, and they said -

"Oh that old piece of shit?" "I don't care \$50 bucks."

Chris entered the conversation and said,  
"I don't know man it's pretty junky." "OK twenty  
bucks. It's only pawn shop material anyways. It's  
nothing compared to our new KRAMERS."

This is an interview that was written several months  
after Matt left the Band in ~~1990~~ Oct.

Are you satisfied with the new lineup of the melvins  
and where you live?

Are you ~~still~~ sick and tired of people asking about  
the recent breakup with Matt and drummed  
wedding?

What do you see in this picture? → 

Where do you work?

Is pizza your favorite food?

Is it possible to drive a stick shift in S.F.?

Are you experimenting with electronic drums?

To hell with your influences, what's a list  
of stuff you're listening to lately?

Whos your favorite band?

Who?

NO. REALLY?

What do you think of the "Seattle Sound"?

Have you heard the new Dick Brown Album?

Are you planning on coming to Seattle or its  
surroundings area to play a few shows?

How many shows have you played in S.F. or the Surrounding  
What's the crowd response?

Do you think that the Album Cluey porch Trololol  
Actually exists or maybe there were only 15

I think the Album would sound even heavier on  
A dance club sub woofer sound system in a

Do you think burnage is a good Black Sabbath Album?

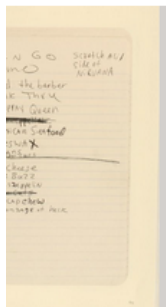

Do you know that CLZ is collaborating with Toxic Shock

So Chris and I ran blindly through a thick forest towards the light and to the van and to a bank machine and bought the pre CBS '65' left handed fender Mustang. The END  
 My Amp blew up. I got 2 more excellent motorcycles. ~~Rapeman~~. Rapeman! Rapeman! I don't have any of their stuff on tape yet. probably because they don't have anything out. but Rapeman are Steve Albini on guitar/vocals (from Big Black) & the drummer & bass player from Scratch Acid. I saw them last weekend and I think they are my favorite bands. I'll have to wait until I hear them on record. but god damn they were fucking cool live!

I defrosted the icebox with a hammer. hours later Tracy noticed an awfully powerful fume & so we thought it was Freon so we got the animals outside & the fumes became so bad that we couldn't go in the apt at all. it started to burn our skin & so we stayed next door for 1 night & in Tacoma the 2nd night & turns out it wasn't freon but even more of a deadly gas called sulfur dioxide. It's like if you were to fill a bucket of Bleach & ammonia & tie someone's face to it. I left a butter scotch Swiss miss pudding out over night & it turned bright fluorescent green. So don't beat on your ice box with a hammer.  
 I talked to Jess again. He's not getting a divorce anymore, instead he's buying more credit cards.

"MONTE VISTA" So Tacoma & WA

The name even reakes of  
Suburban subdivision Hell. I walked  
into the place to buy a park cool.  
After I bought it I noticed a bunch  
of amps behind a sliding glass door.  
There were new Penoy's Marshall's  
Fenders. After coming at the  
list price I checked out the  
used amps. I noticed an old  
Fender. It's the kind that's about  
four feet tall and has SIX  
tens in it. It's basically a twin  
tens. So I closed the door, played  
in the ~~old~~ cheap Penoy's tryout  
guitar. And fucked around with  
the reverb & tremolo. It sounded  
pretty cool kind of like the

Throughout the periods of 1976 to 1983  
a man by the name of Chuck Taylor. Briefly  
sexually Tortured 9 women, one man and one  
13 yrd boy, within the area of Greater Los Angeles.

In Comparison to other so called "Child  
murders" one wouldn't think of Chuck Case as a  
Record setting tall of victims, in mathematical  
sense, (no). yet in Elizabeth highly detailed, well  
planned task in the bizarre (yes). Chucks shy habit  
became the most well known tale, as had Ed Geine,  
simply because facts haven't been revised as in depth  
until now, where Ed Geine may have wore his victims  
skin and ate their flesh, Chuck did that and far  
exceeded Ed's descriptions for his own so called  
Ceremony. Chuck recorded every day of his waking life.

Twice note found with Chuck Taylor body Feb. 12, 1983  
To whom it may concern,

Please excuse Chucks absence from life. If  
I do not expect anything sorrow for my death  
maybe relief if anything. I can't describe what  
mental illness is, did tried and tried with writings  
and doctors and my only conclusion is safety had  
taken over my soul and mind, please use my brain as an  
example and try to find out what's wrong, like the guy  
in Texas who shot those people in the towers. to all the  
relatives & friends of my victims I'm deeply sorry okay  
I'm very sorry HA HA HA I'm not sorry HA HA  
HA HA HA you mother fuckers CURT, / Chuck Taylor  
SAY.

Born Sept 1st 1958 in Santa Clara California  
Chuck Joseph Taylor, was a perfectly normal  
Healthy, happy baby, full of sunshine and joy.  
A first Grandin and nephew for both sides of the  
family, Chuck was the center of attention, often hearing  
hundreds of "who gets to hold him" between  
several young teenage aunts. Fred and Mary  
just married out of high school, were immature, just  
starting out, already used to their white trash homestyle.  
Depression hadn't set in yet so they were pretty much happy.

Fred had a short temper and worked two jobs  
while Mary with another baby on the way stayed at home  
giving young Chuck now 5 yrs old more than enough loving  
attention and encouragement. The loved monsters, all  
kinds, they were more interesting than Super heroes and often  
against his parents wishes he would play with his baby  
sister to let him watch the Friday night Horror movies,  
and very considerably would end up crying or weeping  
his pajamas in fear within minutes of the beginning.

Yet he still insisted, monsters are the best.  
He had drawings, comic books, posters, models, toys  
Truly an obsession, but most of his influences were  
cheap old space invader or Franka movies. with her  
baffled depend on his care of which, why or how he  
possibly thing up such vulgar reenactments of  
horror while playing with his sister's dolls. arranging  
nativity scenes of murder with Jesus Mary and Joseph  
Agarines along with G-I Jugs and Barbies, meticulously  
cutting holes in them filling them up with red nail polish,  
finding him in advance like state rocking back  
and forth screaming fuck you bad peoples Fuck you

middle of the road ~~stuck~~ stuck like that.  
I'll be so bored that I'll just read  
About what I lived thru And purposely  
stayed naive, because you Mr Rick  
Critic are gonna be Bored when your old.  
Bored Bored Bored. So am I so are  
old people today, I don't want a  
Grand daughter of mine changing my soiled  
Rubber underwear with ~~white~~ ~~white~~ on Ry-Krisp  
Clinging to existence just so I can  
reminisce about my life as a prepper and  
Reminiscent. Besides, my memory  
is already shot, from too much Pot  
smoking a few years back. I saw  
these Hippies on the Merv Griffin show  
claiming they had nasal sprays which  
would increase your memory. I also  
saw this couple who swore, with the  
proper training, you can have up to 10  
orgasms before ejaculating, sure  
if you tie a rubber band to the end.

All this wonderfully important  
thought hindered me from realizing  
that the entire House was filled  
with smoke from the Charles Bukowski  
Books, and a very nice sized flame  
had spread to the curtains, which alarmed  
me I had only a few minutes to  
get out of the House, so much for God.

With good intentions and nothing traces of abnormal hyperactive behavior and numerous complaints from school. Mary Taylor devoted a lot of time in helping Chuck, then why not Chuck's? the long talks and reading time, special attention seemed to help some, but the long term affect of downers seemed to counteracted to his nerves a bit too strong. With bare the many trips to the doctors for treatment of hyperaesthesia and involuntary nervous seizures, Chuck now 9 yrs old by this time is very used to medications.

School was fine in Kindergarten, where seemed to have a few good friends and willing to learn gave him the "overpopular" standard mark by his teachers. A pleasure to have in class, but gradually thru 1st and second grade Chuck's over bearing personality gave him quite a few enemies especially with girls, the pretty ones were afraid of him and the ugly ones get beat up by him. Condemning unattractive people at such an early age proved to be a key relation to his antics later on in life. As a few psychologists on Chuck's case agreed it started when Chuck now proclaimed "a future responsible man" by his father was asked to dispose of a retarded ~~cat~~ kitten one of seven Mamma Cat SWO white. A GUNNY SACK in the river was expected not ~~catching~~ decapitation, cutting its stomach out, spreading the innards on his face. And repeatedly running his tongue on its rib cage. When questioned of this by one of the psychologists Chuck replied

He was usually very clean about his securities. He always made sure there were newspapers down and a wash rag handy and the knives and matches were on an old cigar box the lights dim, curtains closed, the same old football jersey that was way too small, the pants and most important to make sure <sup>the lights</sup> was not too small, he parts

Recalling many painful instances, his younger sister Jenny was often unable to defend for herself. Against Chuck's aggressive abuse, he was always holding her down <sup>and</sup> sat on her face and farting, talking her into a "farting" game, tied to a chair and blind-folded, tickled till she peed her pants and a chair and blind-folded, tickled. Collected samples regularly sexually explored her, "he wouldn't do the usual tortures like other older brothers, like a simple peeled grape and being told it's or his soiled finger that had been up his anus." Call it relative blood or whatever. I still ~~would~~ help but feel sorry for him, because he's the one that witnessed dad's abuse towards mom."

Almost every night Fred Taylor came home from a degrading layman's job intoxicated, hungry and very angry. As if it were a routine at 7:30 each night Chuck would be greeted by his dad standing in ~~the~~ his bedroom doorway, swearing back and forth with a transposed facial expression. "Gif in here deah its time to see how bad yer mummies been today. Come on Geddamm, gif yer ficking little wimpy ass in here!" grabbing him by the neck, Chuck would be pushed into his parents' bedroom the door slamming shut and mom already naked huddled on a

"I wanted to see if the roof of my mouth felt the same as a rib cage, and you know what? it does! every body ~~has~~ in the world has rib cages in the roof of their mouths - cool huh? He also insisted that peas hide mashed potatoes in them!" His mother remembers "He seemed to have a different pet each month it wasn't until years after he moved out<sup>10</sup> we found all the animal bones in the basement."

Over looking his serious hyperactivity ~~was~~ that knew him couldn't help but admit that Chuck had a very bizarre yet funny sense of humor, this humor crowned him the ~~the~~ class cut-up and falsely gave him friends who took advantage of him just to see the next gag which was always directed towards hating, scaring or humiliating an individual, and by the 6th grade at age 12 he experienced his first expulsion from school by desecrating in a paper towel and hurling it into the face of an unpopular teacher.

and when he was let back to school it was well worth it for he had even more attention from his peers.

Corner of the bed in a national Crying pond

dinner gets to cold. Taking off his belt, loosening his  
trousers Fred would beat Mary Rape and Sodomitice

Chuck would never talk about it when I questioned  
him I felt so sorry for him that I must have felt this  
self destructive need to Put up with his abuse and  
Chuck had a very clever and sly way of making laughing  
playing and living fun with abuse. one minute ~~we~~

and go into a 'scull and Hyde' personality, then when his  
tension was relieved he would comfort me to stop my  
crying begging me not to tell mummy and Hell never do it  
again. Bribes of Candy or toys were ALWAYS a good pay off  
for a 4 yr old little girl, and if briber didn't work  
threats usually would.

Hi, I like punk rock more than anything in the whole wide world. and so I thought I'd write xerox words on paper & staple them together and sell them to punk rockers & others who don't know much about Punk Rock and for those who don't care or who don't deserve the privilege and also to those who are Bored with it.

I also don't know much about punk rock. As far as well, me too. I'm bored or just uninspired. maybe were just taking a break, a rest or recovery from Hardcore. I never really liked Hardcore, mainly because it was too macho and there were so many intimidating rules. I remember when I first started hanging out with friends who were a few months more advanced in proper punk rock lingo & etiquette. I said, 'hey lets listen to some punk, and this guy said 'man its not called punk anymore its called **HARD CORE**! Gee, I felt like a heel. **HARD CORE** was an obvious mutation of ?? punk because punk popularity reached the suburbs and then all of a sudden jocks who already had short hair from the Whistling team got involved because

it was supposedly an easy energy release and an excuse to fight. I could probably explain why I never liked Hardcore in a million different ways but lets just say it wasn't my cup of tea. All you have to do is read the letter section from Maximum Rock-N-Roll from the past 6 years and you may understand what I mean.
